

P.E.R.C. Presents...

DID YOU KNOW?...Half of all *Mental Health issues* start by age 14

When: Wednesday, November 14th, 2018
9:30-11am & 7-8:30 pm

Where: Dublin Recreation Center, Abbey Theater

Participate in a frank discussion led by a local panel of experts to help empower you to navigate the system regarding Mental Health, Mood, Anxiety, Suicide and other issues affecting our youth.

"Good communication with your child or teen, asking them what's wrong, having them feel comfortable talking to you. Regular contact is really the best way to think about preventing mental health problems."

Dr. David Axelson NCH

The goal of this presentation is to provide education, disseminate research and discuss access to mental health care

Dr. Mike Patrick, MD, Pediacast host at Nationwide Children's Hospital (NCH) will moderate

Dr. David Axelson, MD, Chief, Department of Psychiatry and Behavioral Health at NCH

Dr. John Ackerman, PhD, Coordinator at the Center for Suicide Prevention and Research at NCH

Melissa Rotblatt LISW-S, Dublin City Schools Prevention Coordinator from Syntero

School Counselor Representatives from Dublin Schools

www.percdublin.org

Babysitting is available at the Dublin Rec Center for a fee in the morning session and is provided by Dublin High School student volunteers for free during the evening
